

Internet

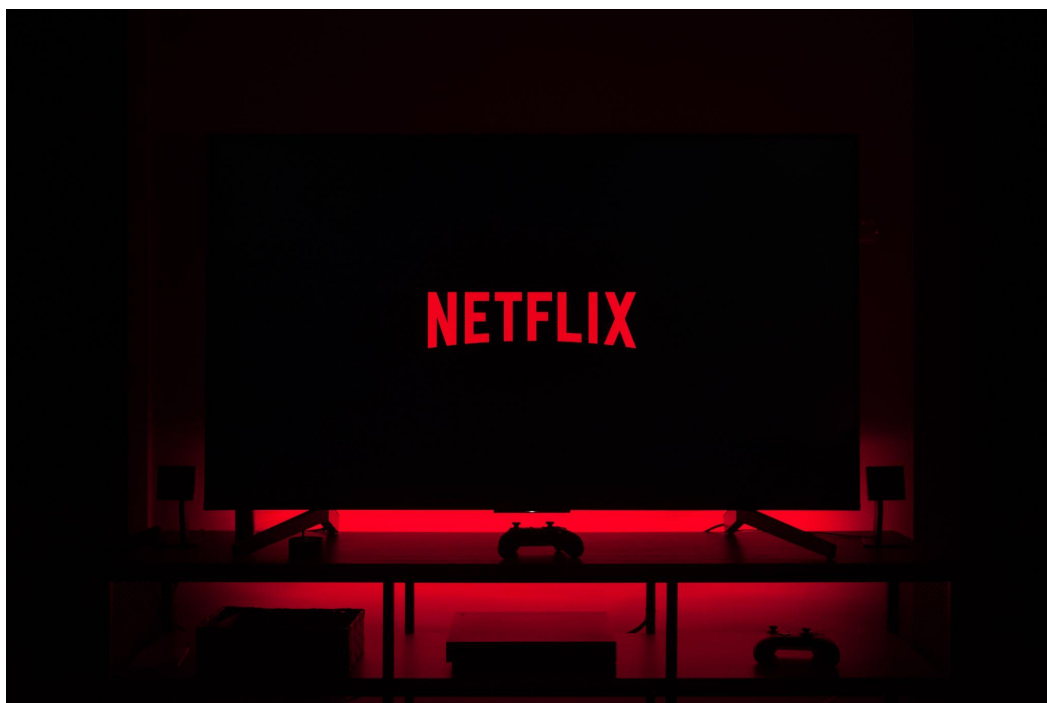

现在是网络时代。网络又大又方便。我的电脑常常从早到晚都开着。我很喜欢上网因为在网，我可以看新闻，玩儿游戏，点外卖，买衣食住行，或者写自己的博客。在网上，我也可以从很有用的网站下载很可靠的软件。电脑对我越来越重要，因为，我在网上也可以查资料。写文章的时候，我不用去图书馆买书或者买杂志查资料，很方便。再说，在网上，很多网站可以帮助学生翻译练习。虽然我什么网站都喜欢，但是我最爱的网站是 Netflix。

在 Netflix 上我可以看电影或者看电视。无论什么电影，在网上我都可以找得到。再说，很多看电视的网站是免费，比方说 Youtube。我要看电影的时候，不用去电影

院看电影，很方便。我觉得在网上看电影很有意思。Netflix 一有新的电影，我就一会儿都离不开电脑。我先得把电影看完了。

虽然我很喜欢用电脑，我的妈妈和朋友们觉得我花太多时间上网。我的妈妈觉得我看的电影都是垃圾。她也觉得我老是带屋子里用电脑，对身体健康不好。她说我看起来用电脑用上瘾里。没那么严重。我觉得我的妈妈太落伍了。

我的朋友也觉得我花太多时间在电脑上看电视。因为我常常整天用电脑，我常常忘时间。昨天，我的朋友和我约好了一起去演唱会。演唱会以前，我在 Netflix 上看电视，把演唱会忘得一干二净。我一看时间，就往演唱会的地方开过去，但是我迟到了。我说下次不敢迟到了。但是我的朋友觉得我每次都迟到，害得她等我，她说不了了。我不停地给她道歉，她听起来很生气。虽然我觉得上很方边，也很有意思，但是我可能对用电脑上瘾了。

Translation:

Now is the age of the internet. The internet is vast and convenient. My computer is often on from morning till night. I really enjoy being online because on the internet, I can read news, play games, order takeout, shop for clothes and daily necessities, or even write my own blog. Online, I can also download reliable software from useful websites. The computer has become increasingly important to me since I can also research information online. When I'm writing an article, I don't need to go to the library to buy books or magazines for research – it's very convenient. Furthermore, online, there are many websites that can help students with translation exercises. Although I like all kinds of websites, my favorite one is Netflix.

On Netflix, I can watch movies or TV shows. No matter what kind of movie it is, I can find it online. Moreover, many TV-watching websites are free, like YouTube. When I want to watch a movie, I don't have to go to the cinema; it's very convenient. I find watching movies online quite enjoyable. When Netflix releases a new movie, I can't tear myself away from the computer until I've finished watching it.

Although I really like using the computer, my mom and friends think I spend too much time online. My mom thinks the movies I watch are all junk. She also thinks I'm always cooped up indoors using the computer, which isn't good for my health. She says I seem addicted to using the computer. It's not that serious. I feel like my mom is a bit out of touch.

My friends also think I spend too much time on the computer watching TV. Since I'm often on the computer all day, I lose track of time frequently. Yesterday, my friend and I had plan to go to a concert together. Before the concert, I was watching TV on Netflix and completely forgot about the concert. When I checked the time, I rushed to the concert venue, but I was late. I

said I wouldn't be late next time. However, my friend thinks I'm always late, and it's frustrating for her. She said she's had enough. I kept apologizing to her, and she sounded really angry. While I find being online very convenient and enjoyable, I might be getting addicted to using the computer.
